Your Excellency Ambassador Philippe Beke,

On behalf of the Jewish communities in Finland, I wish to extend our deep and sincere condolences to You and Your entire country. These heinous acts of terror committed in Brussels yesterday leave us all appalled and horrified. I wish for the speedy recovery of the wounded victims, as I wish all possible success to the police and armed forces of Belgium and other countries working to catch the perpetrators and to prevent possible imminent continued terror attacks on European soil. May we never get used to these types of terror attacks anywhere in the world, and may Europe emerge all the stronger and better after this fight that is unfortunately still ongoing.

Yours Sincerely,

Central Council of Jewish Communities in Finland

Yaron Nadbornik
President
